Specifications

<i>Dimensions (mm)</i>	<i>Power (W)</i>	<i>Heating Capacity (m³)</i>	<i>Voltage (V)</i>	<i>Current (A)</i>	<i>Weight (kg)</i>
600x400	400	≈ 12	220-240	1.70	21
1000x400	600	≈ 23	220-240	2.60	35
900x500	800	≈ 28	220-240	3.50	40
1200x400	1000	≈ 40	220-240	4.30	42
1200x500	1200	≈ 46	220-240	5.20	52
1200x600	1400	≈ 52	220-240	6.10	63
1400x600	1600	≈ 58	220-240	6.90	75

- **Other stone types, sizes and power outputs available on request**
- *Towel rails available for most of the models*
- *Natural stone patterns may vary*
- *All radiators can be fitted either vertically or horizontally*
- *All radiators are supplied ready for connection to a suitable 220-230V power supply. However for best performance and more efficient energy consumption, it is recommended that they be connected to a room thermostat.*
- *5-year guarantee included*
